It is with great pleasure that we announce that Waste Management is re-implementing a sticker program in Gloucester County. Our goal is to ensure that the five Gloucester County Convenience Centers are receiving only waste generated in Gloucester County. Doing better at keeping out non-Gloucester waste will lower site traffic and will help keep container capacity available for authorized waste, making it more convenient for Gloucester residents to dispose of their waste/recyclable items. The sticker program, by indicating vehicles of Gloucester residents, will help us identify other vehicles potentially carrying non-Gloucester waste. The stickers are currently being issued to residents at all five of the Convenience Centers by the employees at the sites. Gloucester businesses are not being issued stickers at this time, however, will continue being served at the convenience centers as normal. Residents still in need of a sticker please see details below on how to get one.

**1).** Stickers are issued at all 5 Convenience Centers at the following addresses below during normal business hours of Monday – Friday 8:00am-7:00pm and Saturday – 7:00am-7:00pm
